

United Defense

June 14, 2001

Mr. Mike McCoy
Tonnard Mfg. Corporation
715 Spring Street
Corry, PA 16407

Dear Mr. Corry,

United Defense, L.P., has made a commitment to provide our customers with products meeting or exceeding their requirements on a continuous basis. We recognize that our suppliers are an integral part of the process and play a significant role in achieving the desired objective.

Suppliers who consistently provide quality products by understanding customer requirements, focus on continuous improvement, and possess the discipline to comply with a quality system assuring compliance to requirements deserve to be recognized.

In an effort to recognize this achievement, United Defense, L.P. has established the "Certified Supplier" classification for suppliers exhibiting these characteristics.

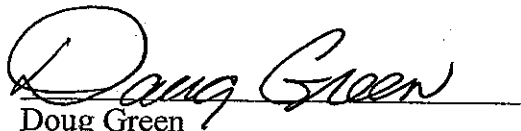

Recognition is based on the existence of a quality system defining the environment in which acceptable items are consistently produced, and performance statistics providing objective evidence of the systems effectiveness.

We are pleased to notify you that your company has achieved a "Certification" status, and has been identified as such on our Approved Supplier List and related internal documents.

Please extend our appreciation and congratulations to the individuals within your organization who have made this possible.

Sincerely,

United Defense, L.P.

Mr. John Gage
Tonnard Manufacturing
715 Spring Street
Corry, PA 16407

Dear Mr. Gage,

United Defense LP, Ground Systems Division, Weld Engineering has completed an audit on your objective quality evidence for welding equipment calibration and welder performance qualification.

Based on the review performed of your objective quality evidence documentation, and your attendance in the requisite training, your company has been issued an "Approval" status and placed on the UDLP/TACOM approved welding supplier listing.

However, we would like to point out that our field auditors are prepared to observe for compliance to these requirements in the future.

United Defense thanks you for your efforts and support. Your cooperation is appreciated and we look forward to working with you in the future.

Regards,

United Defense, LP
Ground Systems Division
